BACK FROM THE DEAD

Hello Rock'n'Roll fans. It's your friendly band leader here and 'Back From The Dead' is our latest CD. We have been busy creating some great new tunes; a few tracks featuring the legendary Raye Du-Val.

Plus a host of other gifted musicians – most of which have helped me when I needed a dep over the past 14 years – were invited to play on the CD.

The recording session was over two days – at Sound Central Studios in Bolney – and produced a wide-range of Rhythm & Blues, Rock'n'Roll and early Sun hits.

After this was done Mark Preston and an old friend of mine, Terry Farley, took over the mixing and we all sat down together and recorded a great band interview.

I would like to take this opportunity to say a massive thank you to everyone who helped make this possible, by the variety of music they can play and how talented these musicians are.

Keep Rockin'

Steve
